OR REVOCATION OF THE LICENSE OF	:	Administrative Action
	:	
Danyel Haskins, LPN	:	ORDER OF SUSPENSION
License #26NP05610600	:	OF LICENSE
	:	
TO PRACTICE NURSING IN	:	
THE STATE OF NEW JERSEY	:	
	:	

This matter was opened to the New Jersey State Board of Nursing ("Board") upon receipt of information indicating the following:

1. Danyel Haskins ("Respondent") is a Licensed Professional Nurse (LPN) in the State of New Jersey and has been a licensee at all relevant times. (Exhibit A).

2. Respondent entered into a private letter agreement with the Board on or about July 11, 2011. The agreement required, in

part, that Respondent enroll in and comply with the Board's designated intervention program, the Recovery and Monitoring Program ("RAMP"), to undergo evaluation, monitoring, and treatment, including random screens. The agreement, which was to remain private and confidential unless and until the Board received reliable information that Respondent had violated any term, was to have the force and effect of a Board Order within the intendment of N.J.A.C. 13:45C-1.4. (Exhibit B).

3. Respondent initially enrolled in RAMP on July 11, 2011. Respondent underwent random screens on April 13, 2012, October 31, 2013, March 5, 2014 and August 15, 2014, all of which yielded positive results for alcohol, a potentially addictive substance. From October 9, 2011 to December 26, 2014, Respondent missed thirty-five check-ins with the online monitoring system which requires daily check-ins and randomly schedules screens. (Exhibit C).

4. Respondent last checked-in on December 27, 2014. On December 30, 2014, Respondent notified RAMP by telephone that she was dropping out of the program. Respondent ceased participation with RAMP. (Exhibit C).

5. Respondent failed to respond to RAMP's efforts to redirect her towards compliance with the program. RAMP

discharged Respondent from the program as of January 4, 2015.

Respondent did not successfully complete the program nor was she released from the program. (Exhibit C).

6. RAMP cannot assure the Board or the public that Respondent is safe to practice. (Exhibit C).

7. On or about April 7, 2015, a communication was sent to Respondent at her address of record by overnight and regular mail, advising Respondent that the Board had received information indicating that she was not in compliance with the private letter agreement and with her agreement with RAMP. Respondent was further advised to provide the Board with proof of any inaccuracy in that information within two weeks. (Exhibit D). No response was received.

8. The private letter agreement signed by Respondent provided for automatic suspension of Respondent's nursing license upon receipt of reliable information indicating that Respondent had violated any term of the private letter agreement. The agreement states that Respondent may, upon notice to the Board, request a hearing to contest the automatic suspension; however, at any such hearing, the sole issue shall be whether any of the information received regarding Respondent's violation of the agreement was materially false.

The Board also reserved the right to bring further disciplinary action. (Exhibit B).

9. Respondent violated the private letter agreement by: failing to refrain from the use of potentially addictive substances as evidenced by her multiple positive screens; failing to undergo multiple randomly scheduled screens; and failing to remain in RAMP until successful completion or release from the program. Each violation of the private letter agreement constitutes a violation of N.J.A.C. 13:45C-1.4, subjecting Respondent to sanctions pursuant to N.J.S.A. 45:1-21(e), and automatic suspension of her license as provided in the private letter agreement.

ACCORDINGLY, IT IS on this 18<sup>th</sup> day of May, 2015, HEREBY ORDERED that:

1. Respondent's license to practice nursing in the State of New Jersey is hereby suspended for her violation of the terms of the private letter agreement as set forth above, which is a violation of a Board Order within the intendment of N.J.A.C. 13:45C-1.4 and N.J.S.A. 45:1-21(e).

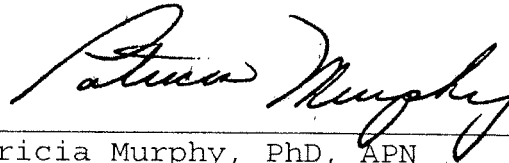

2. Respondent may, under the terms of the private letter agreement, request a hearing, upon notice, on the sole issue of whether information received that Respondent has failed to

comply with the terms of the private letter agreement was materially false.

3. In the event that Respondent seeks reinstatement of her New Jersey nursing license at any future time, the Board shall not entertain any application for reinstatement without a demonstration by Respondent that she is fit and competent to practice, in full compliance with the terms and conditions of the private letter agreement and with any agreement with RAMP, and that RAMP supports her reinstatement.
